If the members renew their membership, by paying the renewal fee prior to or up to 30 days after the expiry date, the members will maintain continuity of the membership benefits and the new membership renewal date will remain unchanged. The fee will be based around 6 monthly intervals with a minimum membership fee to cover one year's membership.

1.5. GROUP MEMBERSHIP CAN BE DIVIDED INTO 3 CATEGORIES:

- Dojang/ Club
- School
- Association

Each category differs by its internal structure and will gain different rights, benefits, insignia and will differ in the membership fee. The definitions of terms for the group membership categories are as follows:

- 1.6. **Dojang:** denotes a single club regardless of the number of members that conduct classes in one location.
- 1.7. **School:** (in Taekwon-Do terms) can be defined as a Taekwon-Do educational institution consisting of more than 1 Dojang operating in the same or different locations.
- 1.8. **Association:** is an accumulation of dojangs and schools working together under a structured organizational and leadership program.
- 1.9. The summary of the group membership program is presented in Table below.

Membership type	Eligibility and documents	Duration (years)	Benefits
Dojang	<ul style="list-style-type: none"> •Any single dojang that has its own registered name, regardless of the number of members, that conducts classes in one location can apply for this type of membership. •All members of the dojang must be registered at minimum as regular members of ITF HQ Korea •A member dojang will receive a certificate of affiliation with ITF HQ Korea with an original security hologram that is tamper evident, a (cm x cm) plaque and a specific number that will be assigned to that dojang throughout the entire affiliation period(s). Each student of the dojang will receive a membership card as per the individual membership scheme. Please note that the dojang must apply for an individual membership for each student. 	3	<ul style="list-style-type: none"> •The dojang member will benefit with discounted prices of appropriate events, goods (internet shopping mall), tours and other programs organized by ITF HQ Korea (case by case basis) and will, where possible, receive assistance in coordinating ITF activities such as competitions, certifications, tests, courses etc. •The dojang will gain voting rights attributed as one vote for each registered member, regardless whether the members possess a regular, premium or lifetime membership and regardless of the member's age. However, the voting decision will be treated as the dojang decision and not the individual decision. Therefore, dojang management based on their own operating procedure will make a decision on a voting topic and submit it on behalf of the dojang (with some conditions see Example 1 at the bottom of the table)
School (two or more)	<ul style="list-style-type: none"> • Any SCHOOL that has its own registered name and consists of more than one 	3	<ul style="list-style-type: none"> • The SCHOOL members will benefit through discounted prices of appropriate events,

Each student of the SCHOOL will receive a membership card as per the individual membership scheme. Please note that the SCHOOL must apply for an individual membership for each student. • Each dojang of the school will receive a certificate of affiliation with ITF HQ Korea, an original tamper evident security hologram and can apply for a “Dojang to school affiliation ” (cm x cm) plaque. 		<p>goods (internet shopping mall), tours and other programs organized by ITF HQ Korea (on a case by case basis) and will, where possible, receive assistance in coordinating ITF activities such as competitions, certifications, tests, courses etc.</p> <ul style="list-style-type: none"> • The SCHOOL will gain voting rights, one vote per registered member, regardless of whether the members possess a regular, premium or lifetime membership and regardless of the member’s age. However, the voting decision will be treated as the ASSOCIATION decision and not an individual decision. Therefore, the ASSOCIATION management, based on their own operating procedure, will make a decision on a voting topic and submit it on behalf of the ASSOCIATION (similar arrangements apply for premium members in a dojang or school scenario. See example 1)</p>

Example 1: A dojang/ consisting of 20 students ranging in age between 6-50 years of age, all possessing individual regular membership will get 20 votes regardless of the age of the students. In an individual membership scenario all members under 18 years of age would not have a right to vote. As members of a registered dojang they gain the voting rights as a dojang voting decision. Members of the dojang that possess premium or lifetime membership however, are entitled to make their own decision and vote individually if they do not agree with the collective dojang voting decision. This will reduce the voting power of the dojang by the members who have appropriate memberships and decided to vote individually.
